PREMIUM CAR CARE PRODUCTS

Legendary Aussie products delivering spectacular results.

Our family has a deep passion and a lifetime of experience in caring for our collection of iconic Australian race and sports cars. Over 16 years ago, this passion led us to develop a range of high quality car care products that actually worked the way we wanted them to. Working with some of Australia's top chemical engineers, our formulas were perfected through careful trial and error. The end result is a range of unique and special products that are both safe for long term use and give stunning results.

Being big believers in Australian manufacturing, we are proud to offer something different from the imported car care ranges that seriously grind our gears as they send all their profits back overseas. We invest our money within our great nation, using local bottle and label makers, manufacturers, chemical suppliers, fillers, box makers, printers, designers, chemists and numerous other diverse local businesses to keep our bottled products as Australian as possible.

With a strong focus on quality, brilliant results, ease of use, being Aussie-made and environmentally friendly; we know that our products are something that all enthusiasts can be proud to use on their pride and joys. We are setting a new standard with what people can expect from their car care. Giving personal input to our custom formulas, **we proudly stand behind each and every product that bears our family name**. We know that you will love using Bowden's Own products on your favourite 2 or 4 wheeled friend.

Love your car.
Dan Bowden

OUR DESIRE TO MAKE THE BEST EVEN BETTER

We are unique in the car care world, where we actually develop the car care products on the loved beasts in our shed. Our Mustangs, Cobras, mighty Lions and Falcons are all part of this intensive testing regime. It's why we can create such great products that work brilliantly on all types of cars and finishes, from original unrestored single stage paints, to the latest modern clear coat finishes.

In our new product guide, you'll see the fruits from our last few years of testing and development, with many new and updated products in the range. All using the very latest cutting edge formulas to make the products work faster, easier and give better results than what many would believe possible from a bunch of car fanatics working in a (bigger than normal) backyard shed in Queensland.

PREMIUM CAR CARE PRODUCTS

OUR SAFE WASHING SYSTEM

CHANGE THE WAY YOU WASH YOUR CAR

The simple act of washing is where we found the most damage was occurring to car paint; with swirls and micro scratches appearing from a combination of bad washing techniques and unsuitable products. This is why we have created a modern wash system to dramatically minimise the risk of ever scratching your car again.

STEP ONE PRE WASH FOAM

A fast and fun touchless pre wash, to loosen heavier dirt and grime. A very important step for scratch and swirl free washing.

PAGE 6 / 7

STEP TWO HAND WASH

Pamper your car with lubricating, high suds washes, gentle microfibre tools and a system of wash and rinse buckets with grit guards.

WASHES – PAGE 10

WASH TOOLS – PAGE 33 / 34

STEP THREE FAST AND EASY DRYING

Using a super absorbent and plush drying towel with our versatile **Boss Gloss** as the drying aid to help further lubricate and make water evaporate faster and easier.

PAGE 18 AND 33

SAFE WASHING

New

SNOW BLOW CANNON

#BOCANNON

The safest way to wash new and delicate paint! Snow foaming is a pre-wash system that dramatically reduces swirl marks and micro scratches when washing. This is why it's become so popular with professional detailers and hardcore enthusiasts before hand washing their much loved cars. This advanced design cannon creates mega foaming action when hooked up to your pressure washer with high quality screw in components, so it won't blow apart or leak. With its unique stubby bottle, it won't tip over when placed on the ground, plus the bottle is marked up for easy filling with the correct **Snow Job** foam solution. With an adjustable spray nozzle and air adjustment you have all the control you will need for that perfect wash. Hook it up to your pressure washer with the right adapter – **Turn the page to choose the adapter for your Snow Blow Cannon.**

BEST WITH: Snow Job

New

SNOW JOB

#BOSNOW, 2 litres

The **Snow Job** foam wash was custom created to work with the **Snow Blow Cannon** to make the best snow foam on the planet. A super thick foaming pre-wash that deep cleans oils, road grime and removes heavier scratching grit and dirt before you hand wash your car. It can be a 1 step touch-less wash for dust, traffic grime and sea spray. pH balanced formula so it can be used regularly and won't affect quality waxes, sealants or paint protection coatings. With modern nano polymers it adds extra shine and protection to your paint too. Spray it on with a pressure washer and **Snow Blow Cannon**, leave to dwell and spray rinse off. It's a very appealing way to safely clean your car as well as being super fun! **Check out our video guide: "How to give snow jobs" on our website.**

BEST WITH: Snow Blow Cannon

www.bowdensown.com.au/how-to-snow-foam

WWW.BOWDENSOWN.COM.AU

THE SAFE WASHING SYSTEM

CHOOSE THE RIGHT ADAPTER FOR YOUR CANNON

The **Snow Blow Cannon** is a great detailing tool we custom made for snow foaming our cars with a pressure washer. The first question everyone asks us is "will the cannon fit my brand pressure washer". And the good news is that the answer is just about always a yes!

ALL MEASUREMENTS IN MM

Visit our website Exterior Products page, click on the **Snow Blow Cannon** and then 'How To Use' tab to find the full in depth article on choosing your adapter.

STEP ONE

Swivel to unclip the trigger connection on the lance so you can add different attachments to it.

STEP TWO

Visually compare and measure up your connection from the chart of our 9 adapters.

STEP THREE

It screws tightly into the 1/4" thread extension of the cannon.

STEP FOUR

Connect the cannon to your lance. Visit our website under Exterior Products in the 'How To Use Section' of our **Snow Cannon**.

AUTO BODY GEL
#BOABG, 500mL

A rich and more pure formula for those who want the safest wash for their car. Made for frequent washing on all paint finishes, including matte finishes. Like ALL our washes it contains rust inhibiting agents and UV protectants, doesn't leave streaks, (ideal if you have to wash in the sun). It's also pH neutral to be gentle on your hands and won't strip off quality waxes and sealants. Has NO harmful silicones, phosphates or corrosive salt, which is great for your car and the environment.

BEST WITH: Shagstastic Wash Pad, Muffy and Love Glove

New

WAX WASH
#BOWW2L, 2 litres

Made for time poor or lazy enthusiasts. We always thought wash and wax products were very gimmicky and not much chop, so we set our chemists off to make one that actually works. This is a more naturally formulated wash, that uses real T1 grade carnauba to help give a great shine and added protection while you wash.

BEST WITH: Shagstastic Wash Pad, Muffy and Love Glove

TIP
Create an awesome dense and lubricating banana milkshake suds mixture by agitating with your pressure washer in the bucket.

New

NANOLICIOUS WASH
#BONANO 500mL and #BONANO2L 2 litres

We sat down with our chemists and worked out the ingredients to make our dream wash. This nanotechnology based protectant wash hits every button, with thick and super slippery suds, salt free, pH neutral, biodegradable and strong cleaning power. Creates protection and repairs hydrophobic nano based sealants and coatings as you wash. Took us over a year to develop, to be the best wash you will ever use.

BEST WITH: Shagstastic Wash Pad, Muffy and Love Glove

New

AFTER GLOW
#BOGLOW, 500mL

Perfected over the last two years with nearly 90 formula revisions, **After Glow** is now ready! This is an amazing drying aid for perfect spot-free drying on paint, glass, chrome and plastics. It's one of the easiest protective products you will ever use, that leaves a slippery smooth, long lasting hydrophobic protective coating and an amazing shine that will leave a goofy, satisfied look on your face after the job's all done.

BEST WITH: Big Softie

THE THREE BUCKET SYSTEM

#BOBRINSE, #BOBWASH and #BOBWHEELS

Created for our **Safe Wash System**, these dedicated 15 litre buckets are a part of our process to get the safest clean of any car, truck or bike. Easily identifiable for a three bucket wash technique, when combined with **Grit Guards** they will dramatically reduce the chance of grit and grime creating micro scratches or swirls in your paint.

WASH AND RINSE - Use these two buckets with **Grit Guards** to make washing super safe. As you wash, simply rinse the grit and grime out of your **Muffy Sponge**, **Shagtastic Wash Pad** or **Love Glove** mitt into the Rinse bucket before putting it back into your **Wash Bucket**. It's a very simple system that keeps your wash water clean and free of damaging grit and grime.

WHEELS BUCKET - This separate bucket is purpose made for the dirty job of washing your wheels. Just fill with water and a double dose of your favourite wash to clean your wheels with its suds and a dedicated wheel brush set.

WATCH VIDEO WATCH OUR SAFE WASH SYSTEM VIDEO

<http://www.bowdensown.com.au/guides/car-washing-guide>

GRIT GUARD

#BOGG

The **Grit Guard** is an important part of our new modern wash system. Made to fit perfectly in the bottom of our buckets, it allows dirt and grit to settle on the base of the bucket, away from your washing tools.

It further helps reduce the chance of micro scratches and swirls appearing in your paint. The base fins are designed to reduce water swirling, so the grit stays under the grate when agitated and unlike some other guards, it does not float either!

BEST WITH: All Buckets

BUCKET LID

#BOBLID

We like lids for our buckets, so we made this one to safely seal your washing gear in our buckets, away from any dirt and dust between washes. It turns the bucket into a seat and stackable on top of each other. Can be used as a huge man sized frisbee, a large sized food plate for when kicked out of the house, and a great serving tray for when you need more than one refreshing beverage after detailing your pride and joy.

BEST WITH: All Buckets

WWW.BOWDENSOWN.COM.AU

EXTERIOR CAR CARE

WHY DO I NEED TO CLAY?

Our clay bars and towels are a fast and easy way to help prepare your paint before applying a cleanser, wax or sealant. Made to safely remove stronger embedded contaminants and grime from your paint and glass, that normal washing won't budge. They create a beautiful smooth surface so the **Paint Cleanse and Restore** works better and allows our **Carnauba Waxes** and **Fully Slick** sealant to protect your paint for longer. Use them whenever your paint feels rough, or before you paint cleanse and wax.

All clay towels and bars use a super fine abrasive in them, making it important to use a good lubricant like our **Boss Gloss**, **Nanolicious Wash** or **Wax Wash** with them, so they glide over the surface, rather than touch it and create micro marring.

HOW THE CLAY PRODUCTS WORK

Gently wipe over the lubricated surface to safely remove bonded contaminants.

3 BIG DIFFERENCES BETWEEN CLAY BARS AND TOWELS

- ✓ **Clay Towels** have 6 x the surface area, so they are literally 6 x as fast to use as a **Clay Bar**.
- ✓ If you drop a **Clay Towel** you can wipe the rubber clean, not throw it away like you must with a **Clay Bar**.
- ✓ **Clay Bars** are great for tighter, intricate areas, like around door handles, bonnet scoops, grills or side mirrors.

New

CLAY TOWEL FINE & MEDIUM

BOCTOWF - Fine, BOCTOWM - Medium

Our new **Clay Towel** re-writes the rule book in the way it quickly and safely removes above surface contaminants like: old bugs, embedded dirt, metal particles, paint oxidation and paint overspray through the use of advanced polymerised rubber technology. This new material is remarkably faster and easier to use than the traditional clay bars as well. We have two grades, a **Fine Grade** for frequent use on well looked after cars and a **Medium Grade** for occasional use on more contaminated paint.

👍 **BEST WITH:** Boss Gloss, Nanolicious Wash, Wax Wash

FINE CLAY BAR

#BOFCB

A quick and easy alternative to damaging cut and polish products. Removes harmful dirt, tree sap, bugs and paint overspray, leaving a beautiful smooth finish. Re-usable bars suitable for paint, glass, chrome and fibreglass. **MUST** always be used with a lubricant; use our **Boss Gloss**, **Fully Slick** or the **Nanolicious** or **Wax Wash** car washes.

👍 **BEST WITH:** Boss Gloss, Nanolicious Wash, Wax Wash

TIP: FINE CLAY BAR AND CLAY TOWEL

Use our **Fine Clay Bar** or our **Fine Grade Clay Towel** on windscreens for a smooth, more effective wiper action.

WWW.BOWDENSOWN.COM.AU

PAINT PREPARATION

PAINT CLEANSE & RESTORE

#BOABC, 500mL

A great modern alternative to damaging hand polishes for restoring the shine to dull paint. No harsh abrasives or polishes so you won't get swirl marks. Removes light oxidation, blemishes, dirt and old wax with no risk of damage. Provides a great surface for our protective **Carnauba Body Wax** to adhere to and smells bloody great too!

👍 **BEST WITH:** Circle Work, Big Softie

CARNAUBA BODY WAX

#BOABW, 500mL

Our famous easy-to-use carnauba wax gives your car a brilliant showroom shine, whilst providing much needed protection. Enhances depth and colours on acrylics, older enamels and the latest clear coats. No abrasives or harmful silicones and this new formula never dries white on any plastic trims. Contains UV protectants to prevent oxidation, perfect for Australia's harsh climate.

👍 **BEST WITH:** Circle Work, Big Softie

New

LAZY WAX

#BOLAZY, 750mL

We love carnauba wax for the lovely warm glow and extra depth it creates, something no synthetic product has ever been able to match. So while our chemists were creating the protective synthetic **Fully Slick** spray, we also had them working on this naturally based spray wax. If you have dark or vibrant coloured paint and want a genuine spray wax that's easy to use, then you'll LOVE this lovely natural creation.

👍 **BEST WITH:** The Drop Bear

FULLY SLICK

#BOFS, 750mL

Our most protective detailing spray, to create a beautiful slick showroom shine in the fastest way possible. With advanced polymers it seals and creates great UV protection and bead porn water repellency, that lasts for multiple washes. High lubricity formula encapsulates dirt particles to reduce any chance of micro scratching. We use this between waxes to boost protection to all our drive cars. It's really great gear!

👍 **BEST WITH:** The Drop Bear

TIP: AWESOME PROTECTION

You only need to clay, cleanse and then wax once a year. Seal the waxes shine in by applying **Fully Slick** 3 to 4 hours after waxing. Then regularly maintain after each wash with the **Fully Slick** spray or the new **After Glow** drying aid. These layer on top of each other to give a great boost of shine and protection.

WWW.BOWDENSOWN.COM.AU

EXTERIOR CAR CARE

New

BOSS GLOSS

#BOBOSS, 750mL

This awesome multi use detailing spray is for car lovers who desire a super fast and stunning shine. With the formula leaning towards creating greater shine and lower level of protection, it's easier to use and ideal for the garage queens or to quickly use before a car show. Its awesome lubrication reduces the chance of micro scratches and makes it great for the **Clay Bars** and **Towels**, as well as the drying aid for the **Big Green Sucker** drying towel.

BEST WITH: The Big Green Sucker, Drop Bear

CLEAN DETAIL

#BOABD, 750mL

We made this for quick and easy cleaning. The silicone free formula is more focused on safe and smear free cleaning of light dirt, fingerprints, fresh water spots, bird droppings and tree sap from all paint, plastic glass and chrome. The anti-static additives repel dust which we find is perfect for bikes. It's our go to spray for matte finishes as well.

BEST WITH: Big Soffie

BUGGER OFF

#BOB0, 500mL

A must have for any road trip, to quickly clean paint damaging, kamikaze bug splatter. Unique enzymes in its powerful citrus based formula break down bugs fast, so they can be wiped off with ease. Safe for all paints, headlights, grills, plastic trim and it leaves a clean, residue free finish. Also pH balanced to be easy on quality waxes. Use with our **De Bugger** microfibre cloth for the easiest ever bug cleaning.

BEST WITH: De Bugger Cloth

TA TA TAR

#BOBT, 500mL

A powerful mix that targets stubborn tar and grime. Safe on paint, chrome, alloy, glass, wheels and most plastics. Instantly dissolves tar deposits, removes grease as well as heavy oil smears. Fast and easy to use, just spray on and wipe or hose off. No hard rubbing required. Thick liquid formula is effective on vertical surfaces.

BEST WITH: Dirty Deeds

WHEELY CLEAN IN JUST A FEW MINUTES

**NEW
FORMULA**

WHEELY CLEAN – NEW LESS PONGY FORMULA*

#BOWHC, 500mL

It took us 9 years to develop an all Aussie formula that performs and is as effective as this. pH balanced, non-acidic, corrosive or caustic, it's epic for high performance and European cars with heavy brake dust issues. The unique chemical reaction safely dissolves brake dust and grime to a water soluble complex which simply hoses off. Safe and quick to use on all wheel types, just spray on, quickly scrub and hose off. *Low pong version coming in summer 2017.

STEP ONE

Spray **Wheely Clean** onto the wheel in a sweeping motion to achieve a good even coverage.

STEP TWO

Leave to dwell for a minute as the **Wheely Clean** turns purple, gently dissolving dust and grime. Dirtier wheels may need a quick scrub.

STEP THREE

Rinse the wheels clean with a strong stream of water, for best results use a pressure washer.

STEP FOUR

Now that's a rim-markably, mag-nificent, **Wheely Clean** rim!

ORANGE AGENT

#BOAO, 500mL

This citrus based cleaning agent is awesome for hundreds of uses in and around your car, truck or bike. Use it for quick engine cleaning, degreasing, silicone removal, cleaning wheels and tyres, deep cleaning heavy grime from leather and vinyl as well as removing sunscreen, makeup or sticky residue on interiors. Uniquely pH balanced, it won't etch or dull polished metals and is safe for paint, glass, chrome, plastic trims, vinyl and modern leathers. By far our most versatile detailing product.

 **BEST WITH:** Dirty Deeds

TIP: NEW LOOKING TYRES

Use **Orange Agent** to clean your tyres before applying the **Tyre Sheen**, so it lasts even longer and gives you that lovely new tyre look.

TYRE SHEEN

#BOT5, 500mL

Our long lasting and water resistant **Tyre Sheen** provides a beautiful natural sheen that won't fling all over your car on the first drive. Quick drying, easy to use and won't affect painted, chromed, polished or alloy wheels. Cleans away browning on tyres, just spray onto a sponge applicator and wipe around the tyre. Is safe for your OEM white wall tyres and smells like jam doughnuts.

VINYL REVIVAL

#BOVREV, 500mL

A silicone free exterior protectant, for vinyl, plastic and rubber. With water and UV resistance, it protects, enriches and revives vinyl roofs, ute tonneaus, car bras, bike and boat seats, bimini tops, black plastic trim and rubber mats. Stops premature aging, cracking, greying and chalking. pH balanced and safe for long term use, including on stitching. Leaves a new, mid-sheen finish that's not greasy or slippery.

 **BEST WITH:** Dirty Deeds, Square Bear, Plush Daddy

SUBLIME CLEAN

#BOSLC, 500mL

Deep cleans exterior fabrics and vinyl. Quickly removes tough grease, oil, dirt, old silicone dressings, mould and mildew from both fabric and vinyl. Safe for vinyl or fabric/canvas convertible tops, ute tonneaus, vinyl roofs, boat seats, bimini covers, bike seats. Bleach free, pH balanced and easy to use. Rinses off easy, leaving no residue. It's also ideal to use before the **Vinyl Revival**.

 **BEST WITH:** Dirty Deeds, Square Bear

METAL POLISH

#BOMP, 250mL

Our world class **Metal Polish** is something we are extremely proud of. Gives a brilliant mirror shine with minimal effort. Is perfect for all alloy, stainless and magnesium auto, bike, boat or truck parts. Has a new liquid formula to be easier for machine and hand polishing. Safe for chrome too – just wipe on and off, sealing the metal for a long lasting shine.

 **BEST WITH:** Dirty Deeds

RUBBER OFF

#BORUB, 750mL

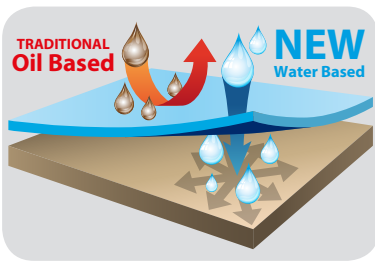

Our family loves car racing, so over the course of last year we had Chris Bowden and his main spanner turner Jason developing this rubber removing spray over a full race season. It quickly removes the rubber marks from your race car and is water based to be safe for paint, vinyl wraps and headlights. We've got it that good now, that it's like crack cocaine for any race mechanics!

 **BEST WITH:** Dirty Deeds

LOVE AND PROTECTION FOR ALL YOUR LEATHER

Traditional oil based products cannot penetrate modern polyurethane leathers, they seal the surface and dry it out. Our water based technology allows leather to breathe and rehydrate, keeping it looking and feeling like new.

Leather Love is a safe, but still very effective cleaner as you can see on this seat that is half cleaned.

Read in depth on how to really care for your leather by visiting: www.bowdensown.com.au/leather-care-blog

LEATHER LOVE
#BOLL, 500mL

After years of extensive research, we created this professional leather cleaner and conditioner. Made for modern coated leather, with a unique pH neutral, water based formula that will keep your leather looking and feeling like new. Non greasy or slippery finish, with no damaging silicone or solvents. Deep and gentle cleaning power, with UV protectants to help prevent colour fade and ageing. It restores the satin sheen finish and rich leather aroma like it was when new. Caring for your leather has never been easier.

BEST WITH: Square Bear, Plush Daddy

LEATHER GUARD
#BOLG, 500mL

Works with the **Leather Love** as a complete leather care system. Made to protect against wear and abrasion to your leather, as you hop in and out of the car. Also aids in the prevention of stains from liquid spills and sweat. Designed to be used with every second application of **Leather Love**. It is not greasy or slippery, and contains no silicone or solvents in its formula. It is also pH neutral and biodegradable.

BEST WITH: Square Bear, Plush Daddy

TIP: LEATHER
This leather care is great for new leather lounges too.

NAKED GLASS

#BONG, 500mL

The best just got better! Our new formula is for perfect glass, mirrors and chrome. A better non-streaking formula, with advanced tint-safe cleaning agents that remove haze and grime fast, while keeping it cleaner for longer. Spray into our **Big Softie** microfibre cloth, apply to glass and turn cloth to wipe clean. Gives a perfectly clear finish every time.

 **BEST WITH:** Big Softie

VINYL CARE

#BOVC, 500mL

The ultimate silicone free cleaner and protectant for your interior vinyl, plastic and rubber. Non-greasy and non-slip it's ideal for steering wheels and floor mats. Water based, no solvents, biodegradable, with UV protectants to prevent colour fade. Anti-microbial additives inhibit bacteria.

 **BEST WITH:** Square Bear, Plush Daddy

FABRA CADABRA

#BOFAB, 500mL

Our magic cleaner for interior fabric. An innovative, deep cleaning formula to gently remove dirt, oil and stains. Safe for all cloth interiors including modern alcantara and ultra-suede, carpet and hood linings. No harsh solvents or foam cleaners. Fresh fragrance deodorises and removes odours as it cleans. Advanced colour safe ingredients actually rejuvenate colour.

 **BEST WITH:** Square Bear, Plush Daddy

PONG-GO

#BOPGO, 500mL

Removes stubborn odours from your car, boat, caravan or home. Eliminates foul mould, smoke, food, beer, smelly mates or pets, car sickness, sweat and even old prawn smells. It's not just a masking deodoriser, with the latest technology it actually captures and neutralises the smell, leaving a nice fresh scent in their place.

WHY SILICONE FREE

Silicones are no fun for vinyl and plastic; they're greasy, attract dust, accelerate UV and heat damage that leads to premature surface failure.

WWW.BOWDENSOWN.COM.AU

INTERIOR CAR CARE

WHY OUR MICRO FIBRE?

Not all microfibre is the same. Seeing the huge amount of cheap and nasty cloths flooding the marketplace we embarked on a huge test and development binge to create a range of the highest quality cloths. They are all purpose specific, to get you the best possible results with our car care products.

👍 Make sure you check out the co-companions for each specialty microfibre

MICRO-SOFT EDGES AND NO CORNERS

Our microfibre has special micro-soft edges to help recess the stitching so it won't scratch delicate surfaces, likewise we rounded the corners to eliminate any joins as well. All part of our mission to have the safest and highest quality cloths you can get.

MACHINE WASHABLE

These cloths are all reusable and can be machine washed as well as put in the dryer, bringing them back like new for many years of great detailing.

SHAGTASTIC WASH PAD

#BOSHAG

We developed this funky wash pad with some equally fussy drying towel enthusiasts and pro detailers, to give safe/ scratch free washing that's easier and faster than ever before. The **Shagtastic** uses a plush blend of deep pile microfibres to give a zen-like clean, safely removing the funk and grime particles from your paint, suspending them in the material until rinsed out, helping prevent annoying swirl marks on your precious baby. No tripping, it will blow your mind.

👍 **BEST WITH:** All of our washes

THE BIG GREEN SUCKER

#BOSUCKER

The super luxurious absorbent drying towel for all car and microfibre lovers that literally sucks water into its fibres, so you can dry in half the time! Developed in close collaboration with some fussy professional detailers to be the fastest and most effective tool for drying. Its thick, soft and plush weave is the most absorbent microfibre we have ever found and is exceptional at minimising errant dirt and grit missed while washing from scratching your car. Holds 2 and half litres of water in its fibres, that's some serious sucking! **1000 GSM, 40 x 70cm.**

👍 **BEST WITH:** Boss Gloss

THE GENTLEST TOUCH DOWNUNDER

MUFFY SPONGE

- WITH NEW SOFTER EDGES

#BOMUFF

Muffy is the ultimate washing accessory guaranteed to deliver the most pleasurable cleaning experience. Designed for the fussy car lover, it combines the best features from top shelf sponges and mitts. The open ended short pile microfibre makes it easy to rinse out dirt and the ergonomic shape minimises muscle fatigue. This new **Muffy** is lint free, machine washable and non-scratching with long lasting mesh sides to increase suds and water absorption.

👍 **BEST WITH:** All of our washes

THE LOVE GLOVE

#BOWM

A super soft wash mitt that is both safe and luxurious. The ultra microfibre uses a very short nap weave, minimising the risk of small particles being trapped in the weave and scratching the duco as happens with many sponges. Exceptional cleaning with ultra microfibre and a special water draining inner material, so you do not suffer from washing fatigue. Machine washable, but easily cleaned after each wash under a hose. One size fits all thanks to its high quality elastic trim. You will love our glove!

👍 **BEST WITH:** All of our washes

MICROFIBRE CHAMOIS RANGE

#BOC, 60x35cm #BOSSC, 71x50cm

We wanted the best chamois on the planet and our tests have shown this new ultra absorbent microfibre chamois material will out-perform any PVA, synthetic or natural leather chamois. Leaves a beautiful streak free finish, does not grip onto your paint, so it's both easy to use and won't strip your cars wax protection away.

Available in two sizes, the **Little Ripper** at a traditional 60 x 35cm, then we have the favourite of many professional detailers or hard core enthusiasts, the **Big Buzzer** at 71 x 50cm.

DE BUGGER CLOTH

#BODEBUG

For fast, easy and safe cleaning of annoying kamikaze bug strikes. Safe on all paint and plastic surfaces, this new textured diamond weave material has serious cleaning power. It will be your travel companion for years of road trips ahead. Use to best effect with the new **Buzzer Off** bug removal spray. **300 GSM 40 x 50cm.**

👍 **BEST WITH:** Buzzer Off

WHAT'S GSM?

This is the density of the cloth, the higher the GSM the thicker and more plush it is to use on more delicate surfaces.

CIRCLE WORK

#BOAMY (orange) #BOAMP (blue)

We custom made this applicator mitt after our experiences in detailing many thousands of cars. It's the right size and snugly fits your hand for great control and no fear of dropping, thanks to the new elastic backing. Uses the ideal microfiber, with non-scratch edging and good supporting foam inside to ensure you don't get any finger pressure points. Makes all cleansing, polishing and waxing easier, while giving you that perfect finish. Two different coloured edges available to separate use with different products; blue or gulf orange. **15cm round**.

👍 **BEST WITH:** Paint Cleanse & Restore & Carnauba Body Wax

BIG SOFTIE

#BOBCY (orange) #BOBCP (blue)

A super effective quality microfiber cloth made with feather soft ultra microfiber, ideal for removing wax, cleanser, polish, detailing sprays and glass cleaners from delicate surfaces. Our new micro-soft edges allow a perfect finish without scratches and swirls! Two sided - low pile for removing cleansers, waxes and polishes - plush pile for glass cleaners, detailing sprays, spray waxes and that final gentle buff. Two different coloured edges available to separate use with different products; blue or gulf orange. **330GSM 40 x 50cm**.

👍 **BEST WITH:** Paint Cleanse & Restore, Carnauba Body Wax, Fully Slick, Boss Gloss, Naked Glass, Lazy Wax, Clean Detail & After Glow

THE DROP BEAR

#BODBEAR

100% genuine synthesised **Drop Bear** fur, renowned as one of the finest pelts in the world. Ideal for the final wipe down/removal of quality waxes, detailing sprays and spray waxes. Reduces the time to get a perfect finish thanks to its super soft, deep and absorbent weave. An amazing **960 GSM** single pelt fur (not two cloths sewn together) that is a very generous **34 x 45cm** in size.

👍 **BEST WITH:** Carnauba Body Wax, Fully Slick, Lazy Wax & Boss Gloss

DIRTY DEEDS

#BODD

A very useful 2 cloth pack, created for all the dirtier jobs around your car and bike. Wheel cleaning, door jambs, engine detailing and metal polishing become a lot easier with this tight weave microfiber design for ultimate cleaning power. Its darker colour helps with the inevitable staining. We find playing AC/DC while using it helps make it faster as well. These cloths are strong so they can do the dirty deeds for years to come. **310 GSM 40 x 50cm**.

👍 **BEST WITH:** Orange Agent, Rubber Off, Vinyl Revival, Sublime Clean & Ta Ta Tar

SQUARE BEAR

#BOSBEAR

Created for application of leather, vinyl and fabric car care products. Saves you time, as you won't have overspray going everywhere. Low absorbency so your product goes a long way, great for dashes, doors and seats! A soft density sponge, rolls over all uneven surfaces, and removes finger pressure points. Strong and durable construction, yet safe on delicate interior surfaces. Use with our **Plush Daddy** interior cloth.

👍 **BEST WITH:** Vinyl Care, Leather Love, Leather Guard, Fabra Cadabra, Sublime Clean & Vinyl Revival

PLUSH DADDY

#BODADDY

Remarkable dual sided cloth for cleaning your interior easier and faster. Super soft long pile side lures in dust for fast interior wipe downs. Low pile side for perfect leather and vinyl care product removal. Safe on clear instrument plastics, glossy finishes and carbon accented parts. Lint free, so you won't be looking at any fine hairs as you drive. Use the **Daddy** with our **Square Bear** applicator. **330GSM, 40x40 cm.**

👍 **BEST WITH:** Vinyl Care, Leather Love, Leather Guard & Fabra Cadabra

GREEN CLEAN GLASS CLOTH

#BOGC

NO SPRAY NEEDED! Cleans glass fast without having to use sprays, handy to have in your car's glovebox. Ideal for vinyl haze build up which occurs in most new cars. Cleans off pesky marks made by kids' fingers and dog noses. Will not scratch and is safe to use on tinted windows. New updated material, even easier to use and less drag on glass. Machine wash regularly for long lasting performance. **280 GSM, 40x40cm.**

MICROFIBRE WASH

#BOMWASH, 1 litre

Restores the softness and absorbency to your microfiber. Specially created by our chemists to target wax, polish, cleanser and all the other detailing chemicals that get bonded into your cloths. It gently dissolves them in the wash, crucially leaving no residue in the fibres, so your cloths keep performing like new. It's a super concentrate that's compatible with all front and top loading machines.

👍 **BEST WITH:** Our complete microfiber range

MICROFIBRE RANGE

DETAILING DEMOS AND DAYS

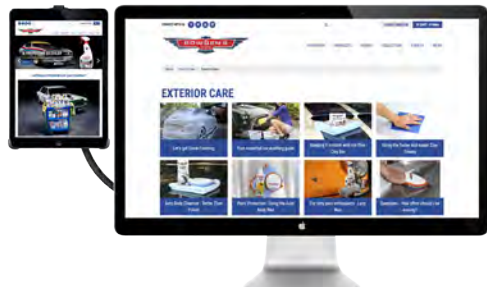

LEARN THE CAR CARE TECHNIQUES FROM
THE GUYS WHO MAKE AND USE IT!

Hosted by Bowden's Own Car Care founder Dan Bowden and his equally passionate team, these events are great for those who would like a more personal and in depth instruction on using our great car care products.

We'll get you detailing more efficiently and show you how to get the best possible results utilising our best professional tricks and tips. If you are new to our range, or have been using our gear for a long time, you'll love our simple techniques for using our products as a complete car care system.

The **Detailing Demos** are a concise demonstration of our range, held at our great supporting retail stores all over the country. And the bigger **Detailing Days** are a more in depth workshop that we hold at our Warana HQ on Qld's lovely Sunshine Coast. For more information about the **Detailing Demos** or **Days** check out the **Events Page** on our website.

We also have our online car care guides with great articles and videos for you to access at any time: www.bowdensown.com.au/how-to-use/

PROUDLY AUSTRALIAN MADE AND OWNED

We are a proud Australian family company, who strongly believe in our nation's manufacturing skills.

There are too many imported products flooding our nation's shelves, killing off Australian jobs as they send their profits back to their parent company overseas. Since we began over 15 years ago, we have sourced the best local research chemists to ensure we have the finest quality formulas to be manufactured and bottled in our Brisbane based factories.

Proudly Australian made, family owned and fanatical creators of exceptional car care products - that's a pretty good summary of Bowden's Own.

STAY IN TOUCH

Get our monthly newsletters with the latest car care releases, tips, and the events we will be going to. Subscribe to it on our website front page:
